

Intended use

Mipa "Mat and Clean" is a professional sanding paste for spot repair finishes.

This product cleans all traces of polish, wax, grease and silicone and gives in the same time a matted, sanded surface in a single operation.

Processing instructions

	Mixing ratio	Ready to use
	Hardener	--
	Pot life	--
	Thinner	--

Processing method: Apply by using a wet sanding fleece (Scotchbrite) in smooth circular movements, under slight pressure. Distribute evenly on the edges of the repaired surface and wash with a wet sponge. Finally clean with Mipa WBS Cleaner LV.

Storage: at least 3 years in unopened original container

VOC Regulation: VOC as packaged:
less exempt solvents 159 g/l / 1.3 lb/gl
with exempt solvents 771 g/l / 6.4 lb/gl

Always check local VOC laws to ensure that the use of Mipa products is compliant in your area.

Special notes: For professional use only. Not for sale to or use by the general public. Before opening the packages be sure you understand the warning Messages on the Labels and Safety Data Sheets of all components since the mixture will have the hazards of all of its parts. The manufacturer recommends the use of an air supplied Respirator when exposed to vapors or spray mist.
